Course Information

CITY OF WOLVERHAMPTON COLLEGE

Certificate in Health Professions Level 2

Study Mode: Part Time

Is this course right for me?

This Level 2 Health Professions study programme is ideal if you are aged 19+, interested in a career in health or social care, but don't yet have the qualifications you need to move forward.

Developed by our Access to Higher Education team, this GCSE-equivalent course provides you with a Level 2 qualification accredited by AIM, an external awarding body.

This programme is perfect if you want to:

- Start a career in the health care sector and need the right entry-level qualification
- Progress to further study, such as our Level 3 Access to Higher Education Diploma in Health Professions
- Ultimately move on to university-level study in areas like nursing, midwifery, radiography, paramedic science, and more

You'll learn face to face at the City Learning Quarter with our highly experienced tutors—many of whom also teach on the Level 3 Access to HE Diploma—ensuring a smooth progression if you choose to continue your studies.

Delivery Information

The programme runs over 14 weeks on a Tuesday, Wednesday and Thursday between 9.30am – 2.30pm

Fees and Funding Information

Please enquire during your interview with our Admissions team to find out what the fee is to study one of our Access to HE courses. Dependent on your circumstances, you may be eligible to study for free.

Please click here to find out about financial support available.

Entry Requirements

To access this course you are required to:

- Be able to provide evidence of being able to work at level 1 in English and Maths

and/or

- To have successfully completed a related level 1 qualification

What will I learn?

On this programme, you will study a range of units designed to prepare you for progressing onto the Level 3 Access to Higher Education Diploma in Health Professions. Your learning will cover:

- Investigating a career
- Health care practice
- Health promotion in a care setting
- Understanding mental health
- Health psychology

These subjects will provide the foundational knowledge and study skills needed for further health-related qualifications.

What skills will I gain?

How will I be assessed?

What can I do next?

This programme provides you with a Level 2 qualification that can help you move directly into employment within the health and social care sector.

You can also choose to continue your studies with us by progressing onto the Level 3 Access to Higher Education Diploma in Health Professions. This is the ideal next step if you want to advance into higher-level training.

After completing the Level 3 Access to HE Diploma, you can apply to university to study a range of health-related degree courses, including:

- Nursing
- Midwifery
- Radiography
- Paramedic science
- And many other health professions

This pathway is designed to open up a wide range of career opportunities within the NHS and wider health sectors.
