

COSHH Awareness

Study Mode: Part-time | Course Level:

Is this course right for me?

Suitable for managers, safety officers or employees who have responsibility for implementing the Control of Substances Hazardous to Health Regulations (COSHH) in relation to their organisation.

The course runs for 3 hours at a time convenient to you.

Entry Requirements

There are no formal entry requirements just a good understanding of spoken and written English.

What will I learn?

It should assist organisations in identifying the steps they need to take in order to ensure full compliance with the regulations and thereby improve overall standards of health and safety, reduce accidents and control insurance costs.

What skills will I gain?

Identify hazardous substances, use and interpret Product Safety Data Sheets, carry out a COSHH Risk Assessment, compile and maintain records.

How will I be assessed?

There is no assessment - a College Certificate of Attendance will be issued

What can I do next?

There are various other Health and Safety course to explore both short half-day and longer courses such as IOSH, Neobosh and NVQ's.
