

UAL Level 3 Foundation Diploma in Art and Design

Study Mode: Full-time | Course Level: 3

Is this course right for me?

This focused and intensive course will prepare you for your future as one of the next generation of artists and designers. It provides a transition from school or a Level 3 college course to specialist art and design study at a higher level.

This course offers you the opportunity to explore a wide range of practical media, technical methods and a variety of theoretical ideas that are central to art and design in its contemporary context. It provides an intensive and realistic experience in a range of specialist areas and is organised in such a way that you are encouraged to build upon your previous experience whilst developing new skills, knowledge and understanding of your personal practice.

This course will give you experience in different art and design disciplines including 3D design, visual studies, textiles, illustration, print making and graphic design. Each term you will work on a number of assignments and exhibit your practical work around the college with an end of year final exhibition in the city centre.

You will take part in practical workshops, lectures, debates, gallery visits and independent research. You will learn new skills and develop experience in a number of specialist techniques and approaches from experienced and dedicated tutors together with a range of guest speakers. We will develop your creative potential while improving your understanding of visual communication.

To enable you to put the skills you learn on the course into practice, you will be expected to complete 30 hours of work experience. Students are expected to find their own work placements, however will be provided with support and guidance from teaching staff to find these. We have a small range of WEx opportunities available for over 18s including work experience in Florence Italy through the Turing scheme, and Walsall Art gallery.

Our creative arts courses have been named the best in the country and earned the college a prestigious national award. We have been named Training Provider of the Year at the Creative and Cultural Skills Awards 2019! Our creative arts department is forward thinking, innovative, committed and that's why we have been nationally recognised.

City of Wolverhampton College is an approved centre for UAL Awarding Body Level 3 Foundation Diploma in Art and Design.

Arts Council England has endorsed the quality of our teaching and learning and links with employers by awarding us 'Arts Mark Gold'.
