

Part L (Energy Efficiency)

Study Mode: Part-time | Course Level:

Is this course right for me?

The BPEC Part L course is designed for central heating installers that need to self-certificate their work via one of the Competent Persons Schemes (CPS). The course covers the requirements of Part L of the Building Regulations, conservation of fuel and power.

The BPEC Assessments undertaken at our Wellington Road Campus provide the certification required for engineers to become registered.

Entry Requirements

To access this course, you will need to be experienced installers of gas, oil, or solid fuel domestic central heating systems.

What will I learn?

During this course you will study:

- Why energy consumption affects the environment.
- How energy efficiency affects the role of the heating installer.
- Legislation that will force changes and to prepare for assessment.

What skills will I gain?

By studying this course you will:

- Understand the requirements of Document L of the Building Regulations relating to the design, installation of central heating systems and how to comply with the regulations.
- Understand the importance of conservation of fuel and power and how the use of fossil fuels leads to co2 emissions and climate change.
- Be able to correctly size heating systems and use correct components to make them more efficient and save the customer money.
- Be able to self-certify work in a competent person's scheme.

How will I be assessed?

The assessment will consist of a short theory multiple choice examination. This very comprehensive course starts with intensive training, followed by the completion of the assessment. Candidates must successfully pass the assessment to gain the BPEC Part L energy efficiency certificate.

What can I do next?

The skills you will learn from this course will enable you to progress to Level 3 plumbing and heating course and renewable technology courses

Why study with us?

Our training assessment centre is the perfect place for you to undertake your assessments, whether it's for the first time or for your five yearly re-assessments. We can provide a clean and friendly environment in an assessment centre that is modern and fully equipped for all your assessment needs.
