

Laying and Maintenance of Rail Track - FREE Into Employment course

Study Mode: Part Time

Is this course right for me?

FREE training course!

Guaranteed interview with an industry employer!

- Aged 19 and over?
- Want to work in the construction/rail industry?
- Want to learn how to build and maintain rail and tram lines?
- Want to learn how to use a range of installation and maintenance equipment?

Get your career on track!

With the expansion of train lines and tram routes across the region, there is an increasing demand for trained groundwork operatives to meet the demands of the rail industry.

Whichever area of the industry you want to work in, this **free training course** will give you the skills and knowledge you need to apply for jobs in the sector.

You will gain an overview of working in the industry and study a range of units – including small tools, overhead line electrification and health and safety – and, on successful completion of the course, will be guaranteed an interview with an employer looking to take on staff to fill current vacancies.

How long is the course?

The course runs five days a week for six weeks

To have an interview with an industry employer you will be expected to attend all programmed training sessions and successfully complete the course.

Where is the training held?

There are three sites where you can choose to complete your training, all with a dedicated rail track. These are as follows:

Wellington Road Campus – Wellington Road, Bilston, Wolverhampton WV14 6BT

BCIMO Rail Training Centre Dudley – Very Light Rail, National Innovation Centre,

Zoological Dr, Dudley DY1 4AW

TRIA Aston – Unit 14, Urban Express Park, Birmingham B6 7FE

[Click here to find out more about our Rail Training Academies working in Partnership with NIS](#)

This course is part of the college's Into Employment programme funded by [West Midlands Combined Authority](#) to equip local people with the skills needed to work in priority sectors across the region and support employers who are looking to recruit new staff.

Entry Requirements

What will I learn?
