

Face Fit Testing Service

Study Mode: Part Time

Is this course right for me?

Service Provision

The Face Fit testing service is to ensure anyone using whole or half masks as Personal Protection against airborne hazards, have the correct type of mask and it is fitted correctly. This covers all industries such as construction, engineering, petro-chemical etc.

Attendees

Anyone using respiratory protection as stipulated by company Risk Assessments for example and therefore requiring it fitted correctly.

Content of the Service

An expert will arrive on site and carry out a qualitative face fit test procedure on individuals required to wear masks. A Quantitative Fit Test Report is issued to all candidates following the test

Duration

5 candidates = 2 hours

25 candidates = One Day

(A minimum of 5 candidates is required)

Cost

Please enquire as this is dependent on the number of fit test procedures required.
