- 2.3 Should a student withdraw from a course after the course start date or fail to attend the course on which they have enrolled, they will **not** be entitled to a refund (including tuition, materials, registration and exam fees).
- 2.4 The period after withdrawal by which a student should submit a request for a refund is determined by the length of the course:
 - 0 – 23 week courses: 1 week
 - 24 week courses: 2 weeks
 - Longer courses: 6 weeks
- 2.5 Payments will be made within 30 working days of a refund request being submitted and will be paid by BACS transfer into a nominated bank account, details of which to be provided on the Refund Request Form.
- 2.6 In the event of a refund being authorised, Exam Fees will only be refunded if they have not already been paid to the relevant examinations board.
- 2.7 In the event of a refund, consideration will be given to the review of any bursary already awarded so that a student is not financially disadvantaged.

6. Breach of Contract by the College

- 6.1 The College recognises that there may be rare instances where it fails to meet a contractual obligation that it owes a student. In such circumstances, both the College and the affected student will seek to work together to remedy the issue. In most cases, the remedy will not involve financial compensation. For example, if a substandard service has been delivered, the student may be offered a repeat performance at a reduced price.
- 6.2 Where appropriate in accordance with the principles of consumer and contract law, the College may refund a proportion (or all) of the tuition fees that have been paid by a student and/or make a payment to compensate the student for loss or damage suffered as a result of the College's failure to meet its contractual obligations and may include provision for:
- maintenance costs
 - lost time
 - additional tuition costs
 - travel costs as a result of relocation of provision

7. Financial Implications of the Refund and Transfer Policy

- 7.1 Ultimately the financial implications of the College's Refund and Transfer Policy are supported by the Technical and Further Education Act 2017.
- 7.2 The Act creates a procedure known as an education administration.
- 7.3 The objective of an education administration is to avoid or minimise disruption to the studies of the existing students of the further education body. The means by which the education administrator may achieve that objective include:
- rescuing the further education body as a going concern,
 - transferring some or all of its undertaking to another body,
 - keeping it going until existing students have completed their studies, or
 - making arrangements for existing students to complete their studies at another institution.
